

QUAD CITY AUDUBON SOCIETY MEMBERSHIP MEETING

DATE: THURSDAY, OCTOBER 16TH

TIME: 6:00 PM

**LOCATION: BUTTERWORTH CENTER,
1105 8TH STREET, MOLINE, IL**

Join us in-person for a community bird data exchange! Come share what you've been seeing (or not seeing) in your local birding spots. We'll compare field observations, discuss species trends, and cross-reference with our own data and online research. Whether you're a seasoned birder or just starting out, your insights matter.

Let's build a clearer picture -together.

TOPICS INCLUDE:

- Which birds seem to be missing this season
- Which species are showing up more often
- How observations align with regional data
